

Green-R Turf

Rhino Spring

Rhino Spring turf is comprised of field green and lime green colors with brown thatch and has a 65 ounce face weight. The blades are a 'W' shape to give the turf more resilience and also vary to create a natural appearance. The "spring" is a brighter color and makes this turf ideal for warm dry climates. The Rhino Spring, along with the rest of the Rhino line, is made from the strongest yarn. This fake grass is ideal for landscape and playground applications.

Recommended Use: Moderate Traffic

Main Application: Landscape

Colors: Field Green / Lime Green / Brown

Main Advantage

- Designed to truly replicate grass.
- A 1.75 inch blade height helps to achieve a natural appearance.
- Uniquely formulated polyurethane backing provides greater seam strength & durability.
- Not water soluble.
- Heat and frost resistant.
- UV stabilized.
- No harmful environmental effects.
- Non-flammable, ant-acid yarn resistant to chemical attack.
